The budget spreadsheets for RS and RV are on the H: drive under FY 14 EPR budgets. You will see the ER budgets spreadsheet. Please look these over and see if you know of missing items that may be coming up. Right now, the RS shows nearly \$1mil in unallocated funds. This does not include any potential deobs that may be in process and any contract balances on the contracts. After you look this over, lets discuss today or tomorrow. Let me know when you will be ready to meet.

Thanks

Joyce and Joni -

A quick question re funds - I plan to initiate some Rmvl Assess work with both ERRS and START. We had about \$300K budgeted. I just want to make sure that the funds are available.

Thanks,
Steve
